

Curriculum Vitae(C.V.)

Full Name: Sadek Jafer Teaimah Al-Haed.

Place and Date of birth: Thi-Qar - 26/01/1960

Gender :male

Marital Status: Married.

Address : Department of Biology, Faculty of Education for Pure Science, University of Thi-Qar, Iraq.

Specialization: Entomology, plant protection.

Mobile: 009647808453682.

E.mail : sadktoama@yahoo.com.

No.	Degree	College/University	Department	Year of Graduation	Country
1-	B.Sc.	Baghdad University	Biology	1982	Iraq
2-	Master	Baghdad University	Biology	1986	Iraq

Published Researches:

1. The effect of certain varieties of wheat & barley on the biology of the laboratory reared first generation of angoumouis grain moth *Sitotroga cerealella* Olivier (Lepidoptera: Gelechiidae). Arab.J.PI.Prot.6(2):64-70.1988.
2. The reproductive biology of the caridean shrimp *Exopalaemon styliferus* in Khor Al-Zubar.Basrah, Iraq.Marina mesopotamica 6(2): 237-250 (1991).
3. Some biological Aspects of the shrimp *Metapenaeus affinis* in Khor Al-Zubar.Basrah, Iraq.Marina mesopotamica 7(1): 125-149 (1992).
4. A study of the effect of different levels of Temperatures on the biology of the Angoumois grain moth *Sitotroga cerealella* (oliv.) (Lepidoptera: Gelechiidae).J.Basrah research 10(1) 27-35 (1993).
5. A collection of aquatic insects from the south of the Iraq with some new records. Marina mesopotamica 10(1): 79-87(1995).
6. The effect of the mixture of the wheat ball and casein on the biology of the confused flour beetle *Tribolium confusum* (Duval) (coleopteran-Tenebrionidae) in laboratory. J. Al-Qadisiah 6:43-51 (2001).
7. Demology & Epikala-azar in Thi-Qar govenorate for 2002.J.Al-Qadisiah 10(4): 21-31 (2005).
8. Isolation: Identification and survey of *sarcoptes scabiei* (Arachnida: Acarin) in Thi-Qar governorate.J.of Thi-Qar 2 (3) 50-55 (2006).
9. Ticks infesting some domestic animals in Thi-Qar province, J. of Missan researches. 4(7): 19-30 (2007).
10. The Isolation: Identification of *Fusarium oxysporium* and chemical control of dying of yellowing and dying leaves of some date-palm cultivares. J. of The university of Thi-Qar. 3 (4): 36-41 (2008).

11. Effect of crude alkaloid compounds extract from residue *Nicotina tabacium* in biological aspects of *Culex pipiens* (Diptera: Culicidae) J. of uni. Of Thi-Qar 5 (3): 25-34 (2009).
12. Acute of leaves and seeds extracts for fenugreek plant and that effect to *Fusarium oxysporium* growth. J. uni. Al-Qadisiah for pure science 16 (3): 9-17 (2011).
13. Laboratory and clinical study of Thalassemia patients at Thi-Qar governorate. Al-Toqani. Health & medical research. 23 (3): 1-7 (2010).
14. The antimicrobial effects of antibiotic and bark & pulp extract of miswak plant *Salvadora persica* some types of bacteria that causes carries. J. uni. Of Missan researches. 7 (14): 331-345 (2011).
15. Study of some cases of stroke in Thi-Qar Iraq 2007.
16. Isolation: Identification some fungi and parasites from cockroach American *periplaneta americana* (Dictyoptera: Blattidae) collected at Al-Hussein education general hospital in Nassiritah city.
