

Curriculum Vitae

صورة شخصية

Name: Lect. Dr. Raed Saeed Khudhair

Qualifications:

B.Sc. : 1976/1997 – Food Industry – College of Agriculture – University of Basrah

M.Sc. : 2014 – Food Science - College of Agriculture – University of Basrah

Ph.D. : 2019 – Food Science and Biotechnology – College of Agricultural of Engineering Sciences – University of Baghdad

Specialisation:

- **Food Science and Biotechnology.**
- **Biotechnology.**

Publications:

1-Study The Factors Effecting For Xylitol Production

2-XYLANASE PRODUCTION FROM LOCAL BACTERIAL ISOLATE

3- THE OPTIMAL CONDITIONS FOR XYLANASE ENZYME PRODUCTION OF LOCALLY ISOLATED *BACILLUS SUBTILIS* BACTERIA STRAIN RS1

4- Optimal Conditions for Production of Gluconic Acid Using *Aspergillus niger* Mold

5- EVALUATION OF ETHANOLIC EXTRACT OF *CHLORELLA VULGARIS* AND ANTIBIOTICS ON SOME TYPES OF BACTERIA CAUSING DIARRHEA

6- Production of Xylanase Enzyme by Using Some Agricultural Residues with different Concentrations Using *Bacillus subtilis* Bacteria

7- Using Different Concentration of Some Agricultural Wastes as a Carbon Source For The Production of Xylanase Enzyme

Paper Presented (Conference):

1- Xylitol Production from Agricultural Wastes by *Candida tropicalis*

Workshops:

**1- Methods of drawing blood and testing blood groups - 12/19/2022 -
College of Education for Pure Sciences - University of Thi-Qar**

Contact Information:

Address:

Department of Biology, College of Education for Pure Sciences, University of Thi-Qar, Iraq
