

Curriculum vitae

Name: Meethaq Sattar Abood

Qualification:

Specialization:

Microbiology (Fungi)

Publications:

1- Effect of aqueous root extract Chicory (*Cichorium intybus* L.) plant on growth of Some dermatophytes. (Journal of College of Education for Pure Sciences – JCEPS) 2017

2- Antioxidants, Total phenolic Content and Antimicrobial Evalaution of *Myrtus Communis* Leaf and Stem Extract. (international Journal of chem Tech Research)2016

3- Isolation and Identification Some fungi and Parasites from Cockroach amrican *Periplaneta Americana* L. (*Dictyoptrea; Blattidae*) Collected at AL- Hussian education general hospital in Nassyriah City. (Journal of College of Education for Pure Sciences – JCEPS) 2012

4- IL- 17 in protective Immunity to Vaginal Candidiasis (Journal of College of Sciences for women). 2015

5- Identification of *Candida* Species Isolation from Vulvovaginal Candidiasis Patients by Chrom gen agar and PCR- RFLP Methods (Journal of College of Sciences for women). 2015

6- Parasitic, bacterial and fungal agents of Diarrhea in Patients atten ding AL- Zahraa Health center in Suq – AL –shuyukh district, thi- Qar Province. (Journal of Thi – Qar Sciences) 2011

Workshops:

1- Cancer and Environment - Department of Biology, College of Education for Pure Science, Univvercity of Thi- Qar, 2019

2- Polymerase Chain Reaction and Primer Design - College of Education for Pure Science, University of Thi-Qar, Iraq. 2017
Mummification of Laboratory animals, College of Education for Pure Science, University of Thi-Qar, Iraq. 2018
