

Curriculum Vitae of

Dr.FADHIL.ABBAS. MUNSHAD.AL-ABADY

Professor of Medical Parasitology

Biology Department Education College for Pure Sciences, Thi-Qar

University , Thi-Qar , Iraq

E.mail: dr_ fadhil61@yahoo.com

Name	FADHIL .ABBAS. MUNSHID AL-ABADY
Date of Birth	July 1.1961
Place of Birth	Shatra – Thi-Qar- Iraq
Marital Status	Married
Current Position	Lecturer
Work address	1- Biology Department , Education College of Mosul University 2- Biology Department , Education College of Pure Sciences Thi-Qar University
Religion	Moslim
Blood group	O +
Phone number	+9647812491917 & 07711227311
Tel.	042254234

Scientific Qualification:

1. B.Sc. (Special Biology) , June,27,1984, (Very good). Mosul University, Iraq
2. M.Sc. (Medical Parasitology) , November 18, 1989 (Very good) . Mosul University , Iraq.
3. Ph.D. Science (Medical Parasitology), Feb.15,2006. (Very good). Basrah University , Iraq.

Academic Appointment:

1. Administrator .Biology Department .Education College ,Mosul University ,Iraq April 11,1985- October 15,1987.

2. Assistant Lecturer, Biology Department , Education College , Mosul University , Iraq November 18, 1989- October 5, 1993.
3. Lecturer, Biology Department , Education College , Thi-Qar University , Iraq April 11,1995- June 1,2002.
4. Assistant Professor, Biology Department , Education College , Thi-Qar University , Iraq June1,2002- June 2007.
5. Professor, Biology Department , Education College , Thi-Qar University , Iraq June1,2007- up to now.

M.Sc.Thesis

Inorganic chemical composition of hydatid fluid , germinal and laminated layers of *Echinococcus granulossus* from man and other intermediate hosts in Iraq. (in November 11,1989 Mosul University Iraq).

Ph.D.Thesis

Epidemiological and biological studies of *Schistosoma haematobium* . infection in AL-Gharaf Basin in Thi-Qar Province- Southren Iraq (Bilharz,1852) (in Feberuary 15,2006 Basrah University Iraq).

Theses Under Supervision

a- Ph.D.Thesis

Dr. Prof. Abd Al hussan Hiabsh Awad (Medical Parasitology) Biology Department , Education College , Basrah University, Iraq.

b- Dr. Prof. Nabeil Anaad Sailha (Medical Parasitology) Biology Department , Education College Mosul University, Iraq.

Date and place of obtaining the certificate

- He holds a bachelor's degree from the College of science – University of Mosul on 27- 6- 1984.
- He holds a master,s degree from the college of science – University of Mosul on 18-11-1989. The title of the thesis (The chemical composition of the liquid fluid inorganic hydatid and germinal and laminated layers of *Echinococcus granulosus* from man and other intermediate hosts in Iraq. (Iraq- Mosul University in 18-11-1989). And a very good grade.
- Holds a doctorate from the College of Education – University of Basrah on 15-2-2006. The title of the thesis (Epidemiological and Biological studies of *Scistosoma haematobium* in AL-Garaf Basin in Thi-Qar province Southern .Iraq.in 15-2-2006 . And a very good grade.

Date of obtaining scientific title

- Assistant Lecturer 18-11-1989.
- Teacher 11-4-1995.
- Assistant Professor 1-6-2002.
- Professor 1-6-2007.

Managerial positions occupied by:

Director of Administration and self- College of Education at Thi-Qar University of Basrah for the the year 1993-1994.

Chairman of the Department of Biology – College of Education – University of Thi-Qar , for the year 2000-2001.

Associated dean for Academic Affairs and Granduate studies – College of Education – University of Thi-Qar , for the year 2002-2003.

The science committees involving:

- Ministerial committee for exams central to two years.
- Examination committee in the central college of Education – University of Thi-Qar .
- Examination committee in the Department of Biology college of Education – University of Thi-Qar.
- Scientific committee of the central college of Education – University of Thi-Qar.
- Scientific committee of the Department of Biology college of Education – University of Thi-Qar.
- Committee for granduate studied in the Department of Biology.
- Scientific Promotion Committee at the College.
- Committee of Scientific activity in the College of Education – University of Thi-Qar.
- In addition to other committees including the (Validity of the selection of (teaching , committees inventory, health committee).

Scientific conferences involving

- Conferences DFI sectoral Department of Biology.
- The Scientific of the College of Education – University of Thi-Qar.(3)
- The first scientific conference of the Unniversity of Thi-Qar.
- Scientific Conference of the fifth University of Qadisiyah.
- The first scientific conference of the College of Science- University of Qadisiyah.
- Fourth Scientific conference of the University of Kufa.
- Fourth Scientific conference of the University of Karbala.
- Third Scientific conference of the College of Veterinary Medicine – University of Qadisiyah.
- The first scientific of pure and Applied sciences of the University of Kufa.

- Second Scientific conference of pure and Applied sciences of the University of Kufa.
- Fourth scientific conference of the College of Veterinary Medicine – University of Qadisiyah.
- The first scientific conference of the college of science – University of Maysan.
- Fifth scientific conference of the college of science University of Babylon.
- First scientific of Biology of College of Education for girls to the University of Kufa.
- The first scientific conference for the Biology College of science – University of Thi-Qar.

Enrolled in training courses

- A course in embalming animals in natural museum at the University of Baghdad.
- A course in environment and pollution at the University of Mosul.
- Cycle on electronic calculators and the internet at the University of Thi-Qar.
- Education Course in the University of Mosul.
- Cycle efficiency in English at the University of Basrah.
- Cycle Technology Polymerase Chain Reaction (PCR) at the University of Thi-Qar.

Scientific research

I have more than (53) research published and accepted for publication in scientific journals , local and global.

Supervision of Graduated Studies

The supervision of 20 graduated students from the Master . 1 Ph.D. student.

Participate in the discussion the thesis

- Participate of Masters and Ph.D.
- Participate make an assessment of more than 450 research in various scientific . fields and from different university.
- Participate an assessment of many different scientific and promotions at various- Universities.

Wrote thanks and appreciation obtained by:

- President of the University of Mosul.
- President of the University of Basrah.
- President of the University of Qadisiyah.
- Chairman of the University of Thi-Qar.
- President of the University of Kufa.
- Dean of the college of Education – University of Mosul.
- Dean of the college of Education – University of Basrah.
- Dean of the college of Education – University of Qadisiyah.
- Dean of the college of Science – University of Basrah.
- Dean of the college of Veterinary Medicine – University of Basrah.
- Dean of the college of Veterinary Medicine – University of Qadisiyah.
- Dean of the college of Education – University of Qadisiyah.

- Dean of the college of Education – University of Thi-Qar.
- Dean of the college of Education for girls – University of Kofa.
- Dean of the college of Science – University of Qadisiyah.
- Assistant chief of the University of Basrah.
- Certificates different and multiple destinations and numerous scientific conferences.

Honor

- Outstanding teaching first in the college of Education from 1997-1998.
- Distinguished Professor scientifically and universally known and honor in the flag day at 6-4-2009 of the minister of higher Education and Scientific research , a certificate of appreciation and shield ministry.
- The first professor at the University of Thi- Qar , for the year 2011 - 2012 and honored at flag day at 4-6-2012 of the minister of higher Education and Scientific research , a certificate of appreciation and shield the ministry.

Colleges and Department that have worked previously

- College of Education – University of Thi-Qar.
- College of Education in Thi-Qar – University of Basrah.
- College of Education for pure sciences – University of Thi-Qar.

Publicatons:

- First record in Iraq (Camallanides) (*Nematoda camallanidae*) from the Snake Natrix tesselantus, Journal , Rivista diparasitologica , VOL. XII (LVI), N2. Agosto 1995.
- Comparative aspects of fertility and viability of hydrated cyst from some intermediate hosts in Iraq Journal, Rivista diparasitologica, VOL, XI (LV2,N 5 July 1994).
- Parasites of Liza abu (Heckel) fishes from AL-Gharaf river in Thi-Qar district – Southern Iraq. Journal of Education & Science No.18 1994.
- The relation between intensity of natural infection of Neoechinorhynchus rutili and some characters of fresh water fish Liza abu (Heckle) in Thi-Qar province – Southern Iraq. Journal of Qadisiyah No. 1 volume 5 2000.
- The practical study of cause of parasitic diarrhea in children taking place in Nassiriyah city – Southern Iraq .Journal of Basrah Researches (Sciences) Volum 15, Number 3 2001.
- Comparitive aspects of fertility and viability of hydatid cyst from liver and lungs of sheep and cattle in Thi-Qar province – Southern Iraq.Journal of Basrah Researches (Sciences) Volum 29,Number 1 2003.
- Numerical analysis of inorganic chemical structure of hydatid fluid , germinal & laminated layer of *Echinococcus granulosus* from livers and lungs of some intermediate host. Journal of Basrah Researches (Sciences) Volum 11, Number 9 1998.
- Epidemiological study of intestinal parasites of breed sheep Slaughtered in Nassiriyah abbatoir .Journal ,Thi-Qar Scientific No. 7-54-868 in 9-10-2006.
- Primary study on the parasites of some fresh water fishes from AL-Gharaf – river Southern –Iraq. Journal of Qadisiyah Volum 10, Number 4,2005.
- Effect of Toxoplasma gondii on the early abortion in Thi-Qar government Southern of Iraq. Journal of Qadisiyah Volum 11, Number 1,2006.

- Comparative aspects on fertility and viability of hydatid cyst from goat, camel and buffalo in Thi-Qar province – Southern Iraq. Journal of Veterinary Research Volum 9, Number 2006.
- Prevalence of intestinal parasites among primary school children in Nassiriyah city . Journal of Qadisiyah Volum 10 , Number 4,2005.
- Study epidemiological of communicable diseases in Nassiriyah city from 2002-2005 .Journal ,Thi-Qar scientific No. 7-54-869 in 9-10-2006.
- Epidemiological study of some infections parasites intestinal from hospital Nassiriyah city –province of Thi-Qar Southern Iraq.
- Biochemical profiles of hydatid cyst fluids & protoscolices of Echinococcus granulosus of human and animal origin in Thi-Qar province Southern of Iraq. Journal of Qadisiyah.
- Study of helminth parasites of some water birds in Thi-Qar marshes Southern Iraq Journal ,Thi-Qar scientific No. in 2007.
- An Epidemiological study on human hydatid disease in Thi-Qar province during (2000-2005).
- The prevalence of common parasitic helminthes of sheep and goats in Thi-Qar province Southern –Iraq.
- Diagnostic and Epidemiological study on Visceral Leishmaniasis by using PCR technique in Thi-Qar governorate Journal ,Thi-Qar scientific No. 7-54-868 in 9-10-2006.
- Diagnostic and Epidemiological study on Visceral Leishmaniasis by using Bone marrow examination and Dipstick test in Thi-Qar governorate.
- Diagnosis and Serological study on *Toxoplasma gondii* by using PCR technique in Thi-Qar governorate.
- Diagnosis and Serological study on *Toxoplasma gondii* by using ELIZA & LAETEX technique in Thi-Qar governorate.
- Epidemiology study on Echinococcosis to some intermediate hosts in Thi-Qar governorate.
- Epidemiology study on Hydatid disease in human in Thi-Qar governorate.
- Diagnostic study on Echinococcosis by using PCR technique and ELIZA test to some intermediate hosts in Thi-Qar governorate.

- Diagnostic study on Echinococcosis in human by using PCR technique and ELIZA test in Thi-Qar governorate.
